

Petition
Middle River Indian Reserve
May 26th 1942

The Department of Indian Affairs
Ottawa Canada

We are unwilling that Mac Lennan Middle River Reserve be taken from our homes and moved to some other place that we know nothing about. We feel that it is most unfair and that it will not benefit anyone and we cannot understand why it is being done. The following are the names of some of the people who refuse to leave their homes. In fact there is not one single individual who will go willingly.
